# LABOUR STATISTICS AT A GLANCE

KERALA 2015

ISSUED BY  
**STATISTICAL WING OF THE LABOUR DEPARTMENT,  
KERALA, THIRUVANANTHAPURAM.**

## **PREFACE**

**LABOUR STATISTICS AT A GLANCE** published by Department of Labour, Kerala is a comprehensive booklet containing much useful information which shows the Labour situation in Kerala. The first attempt of this Booklet was done in 1989 and the revised version was brought out in 2002. Then the latest revised version was brought out in 2009. We now bring forth “**LABOUR STATISTICS AT A GLANCE, 2015-KERALA** incorporating the data up to 2015.

I hope this publication will be quite useful to Trade Union workers, Employees, Researchers, Industrialists and to all those who are working in Labour and related fields in the State. I express my sincere appreciation for the earnest efforts taken by the staff of the Research Wing in the Labour Commissioner office Sri.R. Raveendran Pillai (Research Officer), Sri.S.Sivakumar (Research Assistant), Smt.M.Amritha (Statistical Assistant Gr.1). and Smt. Ajitha T.V. (Statistical Assistant Gr.1)

Thiruvananthapuram,  
06/01/2017.

**K.BIJU, IAS**  
**LabourCommissioner**

## CONTENTS

<b>Sl.No:</b>	<b>Topics</b>	<b>Pages</b>
1	A brief Introduction with Functions of the Department	3-10
2	Some Basic Data on Kerala	11-14

51	Central Acts with Kerala Rules	184-185
52	Official Statistics	186-190

## **1. A brief introduction with functions of the Department.**

The Labour Department, now one of the most important Departments started functioning on 26<sup>th</sup> January, 1946. Foundation of any economy is its workforce and redressal of their grievances is essential for Industrial prosperity and social welfare. But the existence of investor and industrial institutions are also equally important for economic development. Hence the relevance of Labour Department is seen at the inevitable compromise amidst of these two relations.

Even though Labour Department is a small one in comparison with other Departments, its function is multi-dimensional. The main objective of the Department is to keep industrial peace and harmony and uplifting the socio-economic background of the workforce whether it is organized or unorganized. The present scenario now we feel is the flourished growth of unorganized sector and slight weakening of organized sector. As stated earlier the multi-dimensional activity of Labour Department is classified as follows:-

### **1. (a). Keeping good Industrial Relations in Organized Sector:**

The Labour Department is a statutory agency to bring out and keep up a harmonious relation in Industrial Establishments. For this purpose there is strong conciliation machinery in the State with competent personnel headed with Labour Commissioner, Regional mechanisms at south, central and north regions headed with Regional Joint Labour Commissioners and District Officers functioning as conciliation officers in their respective districts. Moreover, the Industrial Relation Committees (IRCs) play a vital role in solving issues in respective Sectors. At Present 10 Industrial Relation Committees (IRCs) are functioning in the State. IRCs are set up for Toddy Tapping, Motor Transport Industry, Cashew Industry, Kuttanad Agricultural Sector, Coir Industry, Textile Industry, Plantation Labour Committee, Supplyco, Private Hospital and Industrial Relation Board.

### **1. (b). Enforcement of Labour Laws:**

State Labour Department is enforcing 29 labour enactments and 177 officers have been notified as enforcement officers of these enactments. A separate enforcement wing is there under Chief Inspector of Plantations to enforce the labour enactments exclusively for plantation workers. Time bound enforcement and speedy follow up action safeguards the working class from exploitation.

### **1.(c). Quasi Judicial Functions**

All the Deputy Labour Commissioners except Deputy Labour Commissioner (H.Q) are acting as authorities exclusively dealing quasi-judicial functions under the following Labour enactments.

1. Kerala Shops &Commercial Establishments appeal cases.
2. Kerala Payment of Subsistence Allowance Act, 1972.
3. Kerala Casual Temporary and Badli Workers Act, 1989
4. Payment of Gratuity Act, 1972.
5. Maternity Benefit Act, 1961.
6. Head load Workers Act, 1978.

The Deputy Labour Commissioners are functioning as the certifying officers under the Kerala Industrial Employment (Standing Orders) Act, 1946 and Appellate authorities under the Kerala Head load workers act. The Regional Joint Labour Commissioners are acting as Appellate authorities under Payment of Gratuity Act, Kerala Industrial Employment (Standing Orders) Act, etc. District Labour Officers (G) are the Conciliation officer under the Kerala Head Load Workers Act, ID Act, 1947 and Payment of Bonus Act, 1965 for settling/deciding disputes under the said Acts. District Labour Officer (HQ) is the authority of hearing claim under section 17(1) of Working Journalists and Other News paper Employees (Condition Service and Miscellaneous Provision) Act, 1995.

#### **1. (d) Labour Welfare:**

The Labour Department plays a key role in implementing labour welfare activities. At present there are 16 welfare fund boards functioning under labour department and providing welfare amenities to the concerned sector of labour. If we go through the socio-economic background of the Head load workers at present setup and if we compare it with that prior to 1985 we can ascertain the difference in their development change that of course have shown tremendous achievements.

Following are some Important Welfare amenities run by the Department.

**(i) Kerala Tree Climbers Welfare Scheme:** Envisaged in the payment of ex-gratia financial assistance to workers in the event of permanent total disablement or to the dependents in the case of death of the worker.

**(ii) Tree Climbers Disability Pension Scheme:** This Pension Scheme was introduced from 01.01.2012 to provide pension to the beneficiaries or the heirs of the deceased workers who have received financial assistance under the Kerala Tree Climbers Welfare Scheme.

**(iii) Ex-gratia/Festival Allowance to the workers of closed Cashew factories.**

**(iv) Unorganised Daily Waged Employees Distress Relief Fund :** This scheme was sanctioned in 2007-08 and implemented through Labour Department to provide financial assistance @ Rs.2000/- to the workers covered under the definition of daily waged workers but not covered under any other welfare schemes, and have sustained injury during the course of employment.

**(v) Kerala unorganized Retired Workers Pension Fund Scheme:** This scheme has come into force with effect from 01.08.2008. This scheme is applicable to traditional teachers who are teaching alphabets to children in rural areas where nursery Schools are nonexistent, This scheme is applicable to teachers who attained the age of 60 as on the date of implementation of the scheme and is also applicable

to those workers under the definition of ‘workers’ is the Kerala Artisans & Skilled workers Welfare Scheme 1991and those category of workers whom Government desire to include subsequently under the scheme for giving pension on attaining the age of 60, but does not include any one who receive any pension either from Government or from statutory Board constituted for the Welfare of Workers.

**(vi) Rashtriya Swasthya Bhima Yojana (RSBY) :**

Rashtriya Swasthya Bima Yojana is a centrally sponsored health insurance scheme for BPL workers and their families in the unorganized sector introduced during 2008-09 and implemented jointly by the State and Central Governments. The scheme provides annual insurance coverage of Rs.30,000/- for a five member family including the worker, spouse, children and dependent parents. Annual insurance premium is decided through tender process. As per the new description of Ministry of Finance, Government of India,60% of the premium will be met by Union Government and remaining 40% is to be met by State Government. Currently there are around 33 lakhs families under RSBY and department propose to cover an additional 3.77 lakh families under RSBY. CHIS & RSBY are implemented through a separate Agency namely, Comprehensive Health Insurance Agency (CHIAK).

**(vi) Comprehensive Health Insurance Scheme (CHIS and CHIS PLUS):**

Comprehensive Health Insurance Scheme (CHIS) extends to all families other than the BPL families (absolute poor)as per the guidelines which was framed by erstwhile Planning Commission for those coming under the RSBY. The non -RSBY population is divided in to two categories: (a) those belonging to the BPL (poor) list of the State Government but not to the listas defined by Planning Commission and (b) APL families that belong neither to the State Government list nor to the list prepared as per the guidelines of Planning Commission. The department has estimated that there will be an addition of 2.29 lakh families under CHIS for 2016-17. As per CHIS PLUS there is an additional fund of Rs.70, 000/- for notable diseases.

**(vii) Aam Admi Bhima Yojana (AABY):-** Aam Admi Bima Yojana (AABY) is an insurance scheme launched by Government of India covering 48 categories of households in the country and implemented in the state since 2007-08. As per the scheme , the head of rural landless families or one earning member in each such family will be insured. The premium under the scheme will be Rs.200/-. Out of which 50% of the share will be coming from thefund created for this purpose by Central Government and remaining 50% will be contributed by the State Government. As per the Scheme, the following benefits shall be given.

- |  |                |
|--|----------------|
| a. For natural death   | - Rs.30,000/-  |
| b. For accident death  | - Rs.75, 000/- |
| c. For Permanent total disability due to accident              | - Rs.75, 000/- |
| d. Disability due to accident (Loss of one eye or one limb)    | - RS. 37,500/- |
| e. Scholarship for 2 children @ RS.100/- per month for a child | - Rs.200/-     |

Other welfare schemes like, the Kerala Small Plantation Welfare Scheme, Kerala Head Load workers (Attached, Unattached and Scattered) Scheme, Kerala Migrant Workers Welfare Scheme, Kerala Automobile Workshop Workers

Welfare Scheme, Kerala Autorikshaw Workers Welfare Scheme, Artisan Workers Welfare Scheme, Kerala Domestic Workers Welfare Fund Scheme, Kerala Laundry Workers Welfare Scheme, Kerala Barber and Beautician Welfare Scheme, Kerala Temple Workers Welfare Scheme etc. are also introduced through this department.

In the diversified field of labour department, there are certain other important fields also, like the zone of trade unions. The Registration, Conciliation etc. of the trade unions are also done through this department. The Labour Commissioner is the Registrar of Trade Unions. All District Labour Officer (General) are notified as Deputy Registrar of Trade Unions in order to dispose Trade Union registration speedy.

There is genuine concern and commitment to the protection of labour and promotion of its welfare. However, some people still continue to hold the views that labour in Kerala is an irritant factor posing a constraint on investment. But this view is totally baseless since it is based on clear class bias and misinformation. This is well proved by the data on industrial peace and the spurt in investment in the industrial sector in the State.

#### **1. (e) Composition of workers:**

Composition of workers implies the size of labour force engaged in different sectors of the economy. The labour community in Kerala mainly consists of those who are engaged in the informal sector (loading and unloading, casual work, construction work, brick making, self employment etc.), traditional industries (coir, cashew, handloom, beedi etc.) manufacturing sector (small, medium and large industries), IT industry, units in export promotion zones and those who are seasonally employed. The work participation rate (WPR) for men and women as per 2011 census was 52.70 and 18.20 respectively. The low WPR of Women is, no doubt, a major concern and stood as a contradictory factor against our high literacy and social status of women.

#### **1. (f) Child labour:**

One social hazard, contributes by present day life is child labour. The department has been made much improvement in rehabilitation and other programmes to eradicate child labour. Child labour as domestic servants and hotels are banned with effect from 10<sup>th</sup> October 2006 under the Child Labour (Prohibition and Regulations) Act, 1986. Employer who violates will be punished with a fine up to Rs.20,000/- and with imprisonment. Children below age of 14 years are banned from working as domestic servants or at hotels, tea shops, restaurants and resorts. Compare to other States, Kerala is not a child labour friendly State.

#### **1. (g) Migrant Labour:**

Migrant workers, seeking employment in Kerala from other States like West Bengal, Bihar, Orissa, Chhattisgarh, and Jharkhand etc. Apart from the workers already present in this State from Tamil Nadu, are increasing. This flow is because of the existence of better working conditions and prevailing high wage rate. These workers, many of them being contract labour, are subjected to inhuman

exploitation by paying low wages at below subsistence level. The contract system of employment is also increasing in our State. But compared to the migrant workers, the local workers are well organized and succeed in getting decent wages and working conditions. The Labour Department has initiated a number of programmes like seminars and medical camps aiming at improving awareness among migrant workers as well as promoting their health and living conditions. The free medical camps are conducted at the work site and free medicine supplied on the spot.

### **1. (h) Labour Commissionerate Automation System**

The Department is currently equipped with Labour Commissionerate Automation System (LCAS), software developed by KELTRON. The system comprises 12 modules covering all functions including inspections, statutory registrations and renewal of establishments under various labour enactments, which are undertaken by the Department. The inspection module is so designed to capture the details of inspection and follow up action entered in excel format by the officers concerned. This input data can be viewed simultaneously by the Controlling officers and Labour Commissioner as well. Certainly this facility reduces the chances of Inspector Raj system. The details furnished by the inspectors is utilised for report generation by the system itself on request. The reports so generated can be consolidated and used for the purpose of review of officers individually. The work reviews of executive officers are being done using electronically by the system. Chat rooms, message services are also incorporated in the system for internal communication.

**1.(i) Call-Centre:-** The Department has its new initiative as established a call centre/helpline with number 155214(short code) and toll free 18004255214 for addressing complaints related to labour received from Public. The call centre agents will help the callers giving the information sought for and also the details of the authorities to be approached. We have utilized the SMS services provided by CDAC free of charge. The complaints will be registered in the call centre software capturing the name, address, location and mobile number of the caller and the same will be exported to the LCAS portal wherein the officers concerned will login and attend to the complaints promptly. Using the SMS gateway and the message service provided within the LCAS, the details of caller and details of officers concerned will timely be communicated to them attending to complaints online using LCAS will also be included as a parameter for review of performance of the officers concerned.

### **1. (j) WAGE PROTECTION SYSTEM**

Wage Protection System means an Information Technology enabled system provided by the Labour Commissionerate to ensure payment of minimum wages to all or any class of employees employed in any scheduled employment as prescribed by the government. It is a system through which the employers of the Scheduled Employment shall pay and disburse the wages to the employees through individual bank Accounts. For this purpose, the employer shall submit electronically, or upload an IT enabled Register of Employment and Wages in form XIV through Labour Commissionerate Automation System. IT enabled Register of Employment and Wages in form XIV shall be authenticated by the employer or any person authorized by in this behalf prior to the submission or the uploading of the same through the Wage Protection System.

The Inspector authorized by the Labour Commissioner shall electronically authenticate form XIV submitted or uploaded through the Wage Protection System. Such forms shall be maintained as duly signed hard copies by the employer or maintained as such in an electronic media. A printout of form XIV duly signed by the employer shall be made available to the Inspector on demand.

An employer submitting IT enabled Register of Employment and Wages in form XIV and effecting payment through Individual bank account of the employee is exempted from maintaining Register of wages in form XI, Overtime Register for workers in form V Register of fines in form I, Register of Deduction for damage or Loss caused to the employer in form II.

#### **1. (k) AAWAZ (Health Insurance Scheme for Migrant Workers)**

According to the study report of Gulathi Institute of taxation for Kerala State Government in 2013, there are 25 lakhs Interstate Migrant Workers who have migrated due to the low rate of wages and employment opportunity in their states. They are mainly from West Bengal, Orissa, Bihar, Assam, Uttarpradesh, and Jharkhand. The Interstate Migrant work force predominantly of single male between the age group of 18 to 35 years. About 60% of them work in the construction sector and the balance work in hospitality, manufacturing, trading and agricultural sectors. Mostly engaged both in unskilled and semi-skilled workers such as agricultural, bricklins labour, Masonry, Electrician Plumbing and the like. During the inspection of the task force constituted for observing and ensuring safe health and sanitation conditions of Interstate Migrant Workers, it was reported that workers forced to live in work sites and factories where they works in dingy rooms with poor water supply and sanitations facilities. Their unhygienic living conditions have raised serious concern among civil societies about disease such as Cholera, Malaria etc.

In this circumstances, the Department proposes to provide the interstate migrant workers in the State with a Health Insurance Scheme namely AAWAZ in the model of Rastriya Swasthya Bhima Yojana (RSBY) Scheme. It will enable the creation of a systematic data base of the Migrant Workers, thereby enabling Government to provide them with ID Card. As per the Government Order No.1325/2016/LBR dated 27/10/2016, the state government has been proclaimed the guidelines of the aforesaid scheme in detail. After the government sanction the labour department has been indulging to explore the eligible agency for this project by E-tender processing.

#### **2. Statistics Wing:**

This wing consists of one Research Officer, one Research Assistant and two Statistical Assistants Grade-I. The main activities of this wing are collection, compilation, tabulation and consolidation of Labour Statistics received from the sub-offices for reporting to State, Central Governments and the Labour Bureau. The reports emerging from this wing are in accordance with the guidelines prescribed by the Government of India (GOI) intended for the State, Central Government and Labour Bureau.

### **3. Statistical Reporting Mechanism :**

The Statistics wing collects labour data from 14 District Labour Offices, 3 Regional Joint Labour Commissioner Offices, 8 Deputy Labour Commissioner Offices, 5 Deputy Labour Offices, 5 Labour Courts, 4 Industrial Tribunal and 1 Chief Inspector Office of Plantations. After collecting data statistical wing prepares reports and submits the reports to State, Central Government and Labour Bureau doing required compilation, tabulation and consolidation.

The reports prepared and submitted from this wing are furnished below:-

#### **A. Fortnightly Reports:**

- (1) Fortnightly report on labour situation

#### **B. Monthly Reports:**

- (1) Monthly report on Industry wise, cause wise, particulars of industrial disputes arose, settled etc.
- (2) Monthly report on unrest due to industrial disputes in industrial establishments.
- (3) Monthly report on unrest due to industrial disputes in industrial establishments (Part-A, Part-B)
- (4) Monthly report on closure, lay off, retrenchment
- (5) Monthly information on the State of industrial relations
- (6) Monthly report on labour activities in the State
- (7) Monthly report on implementation of Minimum Wages Act
- (8) Monthly report on monitoring of information on Industrial Relations.

#### **C. Quarterly Reports:**

1. Quarterly Report on the Development in the field of Labour.
2. Quarterly Report on Child Labour Act.
3. Quarterly Report on Payment of Wages Act
4. Quarterly Report on Minimum Wages Act
5. Quarterly Report on Contract Labour Act
6. Quarterly Report on Equal Remuneration Act
7. Quarterly Report on Maternity Benefit Act
8. Quarterly Report on Industrial Disputes Act
9. Quarterly Report on Newly Registered/Deregistered Beedi and Cigar Units.

#### **D. Half Yearly Reports**

1. Report regarding the progress made in the implementation of Beedi and Cigar Workers Act.

### **E. Annual Reports.**

1. Annual report/return on the working of Kerala shops and Commercial Establishment Act.
2. Annual Report on the working of Minimum Wages Act.
3. Indian Labour Year Book
4. Annual Report on Motor Transport Workers Act.
5. Annual Report/Return on working of Employees Compensation Act.
6. Annual Report on the Working of Industrial Employment Standing Orders Act.
7. Annual Report/Return on working of Indian Trade Union Act.
8. Annual Report on Plantation Labour Act.
9. Annual Report on Disputes arose, handled, settled etc. for preparing Economic Review.
10. Annual Report on the working of Equal Remuneration Act.
11. Annual Report on the working of Payment of Wages Act (Form A and Form B)
12. Annual Report on the working of Minimum Wages Act (Wages rate)

Almost all statistical data required for the preparation of Administrative Report of this Department are issued by this unit. Apart from this, the statistical wing is responsible for giving answer to LA interpellation to Labour statistics. The Publication of this wing is “Labour Statistics at a Glance”. The latest publication is “Labour Statistics at a Glance Kerala 2009”. We now bring forth “Labour Statistics at a Glance 2015” a combined edition incorporating the data up to 2015.

### **4. Statistical Data A Tool for Policy formulation:**

Statistical Data give a clear vision to formulate policies, projects, monitoring and evaluation. The department acquires a clear vision and reality of Labour in Kerala State through the reports generated from the statistics wing. From the Fortnightly, Monthly, Quarterly, Half yearly and Annual Reports we can compare the previous, present labour activities and can formulate sufficient policies for the uplift of proletariat. The Statistical Data can be used for planners and Researchers also. Hence the Statistical Data have a vital role and inevitable importance in planning process to uplift the society to the pinnacle of prosperity.

## **52. OFFICIAL STATISTICS**

Statistics produced maintained and disseminated by Government Agencies or other Public bodies such as international Organizations is called Official Statistics. They Provide Quantitative or Qualitative information on all Major areas such as Economic and Social development, Living conditions, Health, Education and the Environment. Development Planning of a country or State has to be based on reliable Statistics on Economic, Social and Environmental aspects in order to achieve the desired outcomes and impacts by effectively utilizing scarce resources. It implies that an effective statistical reporting mechanism is an integral part of the development process. A well designed Official Statistical system is necessary to support evidence based decision making to help the government to identify the best course of action in addressing complex problems and to manage the effective delivery of basic services. Official Statistics result from the collection and processing of data into statistical information by institutions like govt. or international Organizations. Official Statistics make information on economic and social development accessible to the Public, allowing the impact of govt. policies to be assessed and thus improving accountability and transparency.

### **Fundamental Principles of Official Statistics**

The fundamental Principle of Official Statistics were adopted in 1994 by the United Nations Statistical Commission. The following principles are adopted in view the essentiality of Official Statistics as a basis for overall Development and the necessity for ensuring Public Trust in Official Statistics Information.

**Principle 1.** Official Statistics provide an indispensable element in the information system of a democratic society, serving the Government, the economy and the public with data about the economic, demographic, social and environmental situation

**Principle 2.** To retain trust in Official Statistics, the statistical agencies need to decide according to strictly professional considerations, including scientific principles and professional ethics, on the method and procedures for the collection, processing, storage and presentation of statistical data.

**Principle 3.** To facilitate a correct interpretation of the data, the statistical agencies are present information according to scientific standards on the sources, methods and procedures of the statistics

**Principle 4.** The statistical agencies are entitled to comment on erroneous interpretation and misuse of statistics.

**Principle 5.** Data Statistical purpose may be drawn from all types of sources, be they statistical surveys or administrative records. Statistical agencies are to choose the source with regard top quality, timeliness, costs, and the burden on respondents

**Principle 6.** Individual data collected by statistical agencies for statistical compilation, whether they refer to natural or legal persons, are to be strictly

confidential and used exclusively for statistical purposes.

**Principle 7.** The laws, regulations and measures under which the statistical system operates are to be made public.

**Principle 8.** Co-ordination among statistical agencies within countries is essential to achieve consistency and efficiency in the statistical system.

**Principle 9.** The use by statistical agencies in each country of International concepts, classifications and methods promotes the consistency and efficiency of statistical systems at all Official levels.

**Principle 10.** Bilateral and multilateral Co-operation in statistics contributes to the improvement of systems of official Statistics in all countries.

### **Common Indicators Used in Official Statistics**

Statistical Indicators provide an overview of the social, demographic and economic structure of the Society; These indicators facilitate comparison between countries and regions.

The main Indicators used in **Population Census** are, Total Population by age, Population density, Life expectancy at birth and at age 65, Total fertility rate, Infant mortality etc.

For **gender statistics** include: women in Labour Force, Gender Pay Gap, Social security measures.

In the **Employment Category**: Employment, Unemployment Rate, Youth unemployment rate, work participation rate, employment in major sectors etc.

For **the economy** the main Indicators are: Gross Domestic Product, Gross Domestic Product Per-capita, Real GDP growth rate, GDP by major economic sectors: Agriculture, Industry, Services, Consumer Price Index, Exchange rate, Gross external debt.

export and import of goods and services, balance of payments, trade balance etc are **trade indicators**.

when we study on **Environment** the Indicators are Land use, water supply and consumption, Environmental protection, expenditure Generation and treatment of waste, Chemical use etc

On the **energy category** the indicators include total energy consumption, Primary energy sources energy consumption transport, electricity consumption, consumption of renewable energy sources

### **Production of Official statistics**

The National Statistical Organizations NSOs or other organizations like Central banks are responsible for producing and disseminating official statistical information providing higher quality data. By quality means such as; relevance, completeness, Timeliness, Accuracy, accessibility, Clarity, Cost efficiency, Transparency, Comparability and Coherence.

The production process of official Statistics System comprise of nine **Phases**. Specify needs, Design, Build, Collect, Process, Analyse, Disseminate, Archive and Evaluate.

### **Data Sources**

There are two types of data sources **Primary or Statistical** data sources that are collected primarily for creating official Statistics which included sample surveys and Census. **Secondary or Non-Statistical Data** sources that have been Primarily collected for some other purposes before (Administrative data private sector data)

An Investigation about the Characteristics of a phenomenon by means of collecting data from a sample of a population and estimating their characteristics and analysing through the systematic use of statistical methodology is called a **Sample survey** (Annual Survey of Industries, Employment Unemployment survey)

A **Census** is a Complete enumeration of a particular Population or groups at a point in time with respect to well defined characteristics. Data are collected for a specified reference period. It should be taken at regular intervals usually 5 or 10 years (Economic Census, Agricultural Census, Population Census etc)

### **Register**

Register is a database that is updated continuously for a specific purpose and from which statistics can be collected and produced. It contains information on a complete group of units. Administrative Registers, Private Registers, Statistical registers, Business Registers etc are different types of Registers.

### **Presentation of Official Statistics**

Analytical **texts and tables** are the most traditional way to present Official Statistics. Visually it can be presented by using **Graphs and Charts**. A picture is worth a thousand words. There are different types of graphic representation.

To Illustrate changes over a time, a **line graph** would be used. A line graph displays variables whose values represent a regular progress.

For categorical data a **Bar graph** either vertical or horizontal is useful.

For representing the share of 100% a **Pie chart** is reliable.

To compare composition across categories **stacked bar charts** (Vertical/Horizontal) are recommended.

**Tables** are a compliment to related texts and support the analysis. They help to minimize the numbers in the description. They usually show the figures from the highest to the lowest.

Official statistics are part of our day today life. They exist in everywhere, medias like news papers, radio, television and specialized economic and social magazines. It provides us with important Information on the situation and the development trend in our society. The internet has become an important tool for

statistical producers to disseminate their data and information. Today the advanced agencies provide the information on their website. Various users are access information online.

### **Evolution of Official Statistics System In India**

Historical evidences indicate that the ancient rulers of India have recognized the importance of Official Statistics in good Governance. The epoch writing of Kautilya the 'Arthashastra' during the Mauryan period contain a vivid description of Population, Agriculture and economic Census. In the medieval era; Ain-i-Akbari Written by Abu'l-Fazl, one of the Navaratnas in Akbar's Royal Court, is a detailed report on the administrative matters of the Famous Mughal emperor Akbar. The report describes the extent of resources, Population, Industry and Wealth of the Empire. In the Modern era during the British period a Statistical Committee was formed in 1862 to collect information on Education, Finance, Industries, Trade, and Agriculture etc. A Statistical Branch was also formed in 1862 as the part of Finance Department for collection and maintenance of Statistics. In 1866 the Gazettier of India was brought out for the first time. A Population Census was carried out in the year 1872 and the First Complete Population Census all over the country in a uniform basis was conducted in 1881 and repeated it in every ten year. The statistical Branch established in 1862 was converted into a full-fledged statistical Bureau in 1895 and it was put under the control of Commercial Intelligence and Statistics headed by a Director General. The Status continued until 1914. In April 1914 a separate Directorate of Statistics was established. An Economic enquiry Committee was set up in the year 1925 to study the existing statistical data collection mechanism. The committee recommended the establishment of a central Statistical Bureau along with similar Provincial Statistical Bureau.

In View of the recommendations done by Bowley and Robertson Committee, which was appointed in 1934 to study the economic problem in India, creates a central economic Intelligence Organization under the Economic Advisor

In 1945, an Inter departmental Committee with the Economic Advisor as Chairman was setup to examine the Statistical material available. The Committee recommended for filling up the gaps, improvement the existing Organizations and also recommended to form a Central Statistical Office, The establishment of statistical Bureaus at the Headquarters of the state Governments and the preparation of Statistics for the entire country.

After independence in 1947, on the eve of the Economic Planning which necessitated a strong database covering variety of Economic and social aspects. The National Income Committee appointed in 1949 made a number of recommendations and it lead to establishment of a central

Statistical Unit in 1949 later converted into Central Statistical Organization in 1951. The Directorate of National Sample Survey was Found in 1950 to collect and process Comprehensive data on Various Socio-Economic aspects. The Indian Statistical Institute Act passed by Parliament in 1959 declared ISI an Institute of National Importance which was founded by P.C.Mahalanobis in December 17, 1931; an Institute facilitates research and training on Statistics. The foundation of a modern Statistical System was laid in the early years of Independence. One of the most revolutionary steps taken in Statistical System of the country has been the Notification of the National Policy on dissemination of Statistical data on 6th January 1999. The Policy made it mandatory for all data source agencies to release unit level data set to all data users and the database need to be regarded as ' Public Goods'. It should be reliable to all users' especially individual researchers for research and analysis.

In January 2000 a Committee was formed under the Chairmanship of Dr. C. Rengarajan to examine the deficiencies in the existing statistical system and to recommend measures for its systematic revamp. The Committee submitted its report on 2001 September listed out several data gaps and deficiencies. Some of the major deficiencies were (i) absence of an effective Co-ordination mechanism for determining Statistical priorities, Standardization of concepts and definitions. (ii) Absence of a mechanism to ensure credibility of statistics in the existing decentralized Statistical System. The Committee also pointed out that the existence of Central Statistical Organization (CSO) at centre and Directorate of Economics and Statistics (DES) at the states, the Statistical System is functioning in a disjointed manner, with not much control over the way in which data collected, tabulated and analysed. There is also lack of uniformity in standards, concepts, definitions and classification systems making it difficult to integrate databases available from various sources.

According to the recommendations of Rengarajan Committee the Govt. notified the setting up of a permanent and statutory apex body called National Statistical Commission through a Government resolution on 1st June 2005. A project for strengthening of State Statistical System in conformance with the National Strategic Statistical Plan (NSSA) has been taken up by the Ministry of Statistics and Programme implementation with the assistance of World Bank in 2009 as a part of the India Statistical Strengthening Project (ISSP).
