PANCHAYAT LEVEL STATISTICS

Kozhikkode District

1996

Department of Economics and Statistics

PREFACE

Considering the demand for statistical information for decentralised planning, the State Planning Board and the Department of Economics and Statistics have designed many schemes to collect and publish data at Panchayat and Nagarpalika level. The most important scheme is a Socio-Economic Census under which a wealth of information regarding the Socio-Economic conditions of all households of Kerala numbering about 60 lakhs will be collected. The scheme for the collection of Agricultural Statistics in the State is also redesigned to generate data at panchayat and municipality level. The results of these excises will be available only after one year.

Meanwhile the Government of Kerala conducted the Panchayat and Municipal elections and the newly elected local committees assumed power. To enable the newly elected functionaries to study the local resources and to start planning process backed by statistical information it was decided to document the available data from various sources in a single publication at District level. This report for Kozhikode district is the sixth in the series.

This report was prepared by a team of officers of the District Office, Economics & Statistics, Kozhikode under the guidance of Sri. S.Rajendran, Deputy Director, District Office, Economics & Statistics.. I hereby acknowledge the valuable services of Sri. M. Madhavan Namboodiri, Assistant Director and Smt. S. Leelamony, Research Officer and staff in the publication division of the Directorate for finalising the tables.

I hope that this publication would be of considerable use to the planners at Panchayat/municipality, block and district levels and others interested in decentralised planning.

Thiruvananthapuram
7.12.. 1995

Dr. M. Kuttappan
Director
