VITAL STATISTICS BULLETIN—1976

1. Introduction

The Vital Statistics of the State for the Calendar year 1976 are presented in this Bulletin.

2. Source of data

In the Panchayats the Executive Officers are the Statutory Registrars, while in Municipalities and Corporations the Commissioners are the Registrars. The local Registrars are responsible for the maintenance of Birth and Death Registers on the lowest level. The relevant details of events required for the compilation and tabulation of the necessary tables in the statistical reports, are transferred to the Birth and Death report cards prescribed by the Directorate of Economics and Statistics. Such filled-in-cards are forwarded periodically to the Directorate of Economics and Statistics by the Municipal Corporation Commissioners and the Executive Officers of the Panchayats.

3. Limitation of data

- (1) Civil Registration is less than that of the actual events occurred and the data received in this office is only processed.
- (2) The registered rate in the urban area is very high due to the fact that the registration is de facto and there are facilities in these areas which is utilised by the people in the rural areas also.

4. Processing of data

Mechanical Tabulation of the data on Vital Statistics was introduced in 1965. The data are processed through manually and through mechanical tabulation.
