## PREFACE

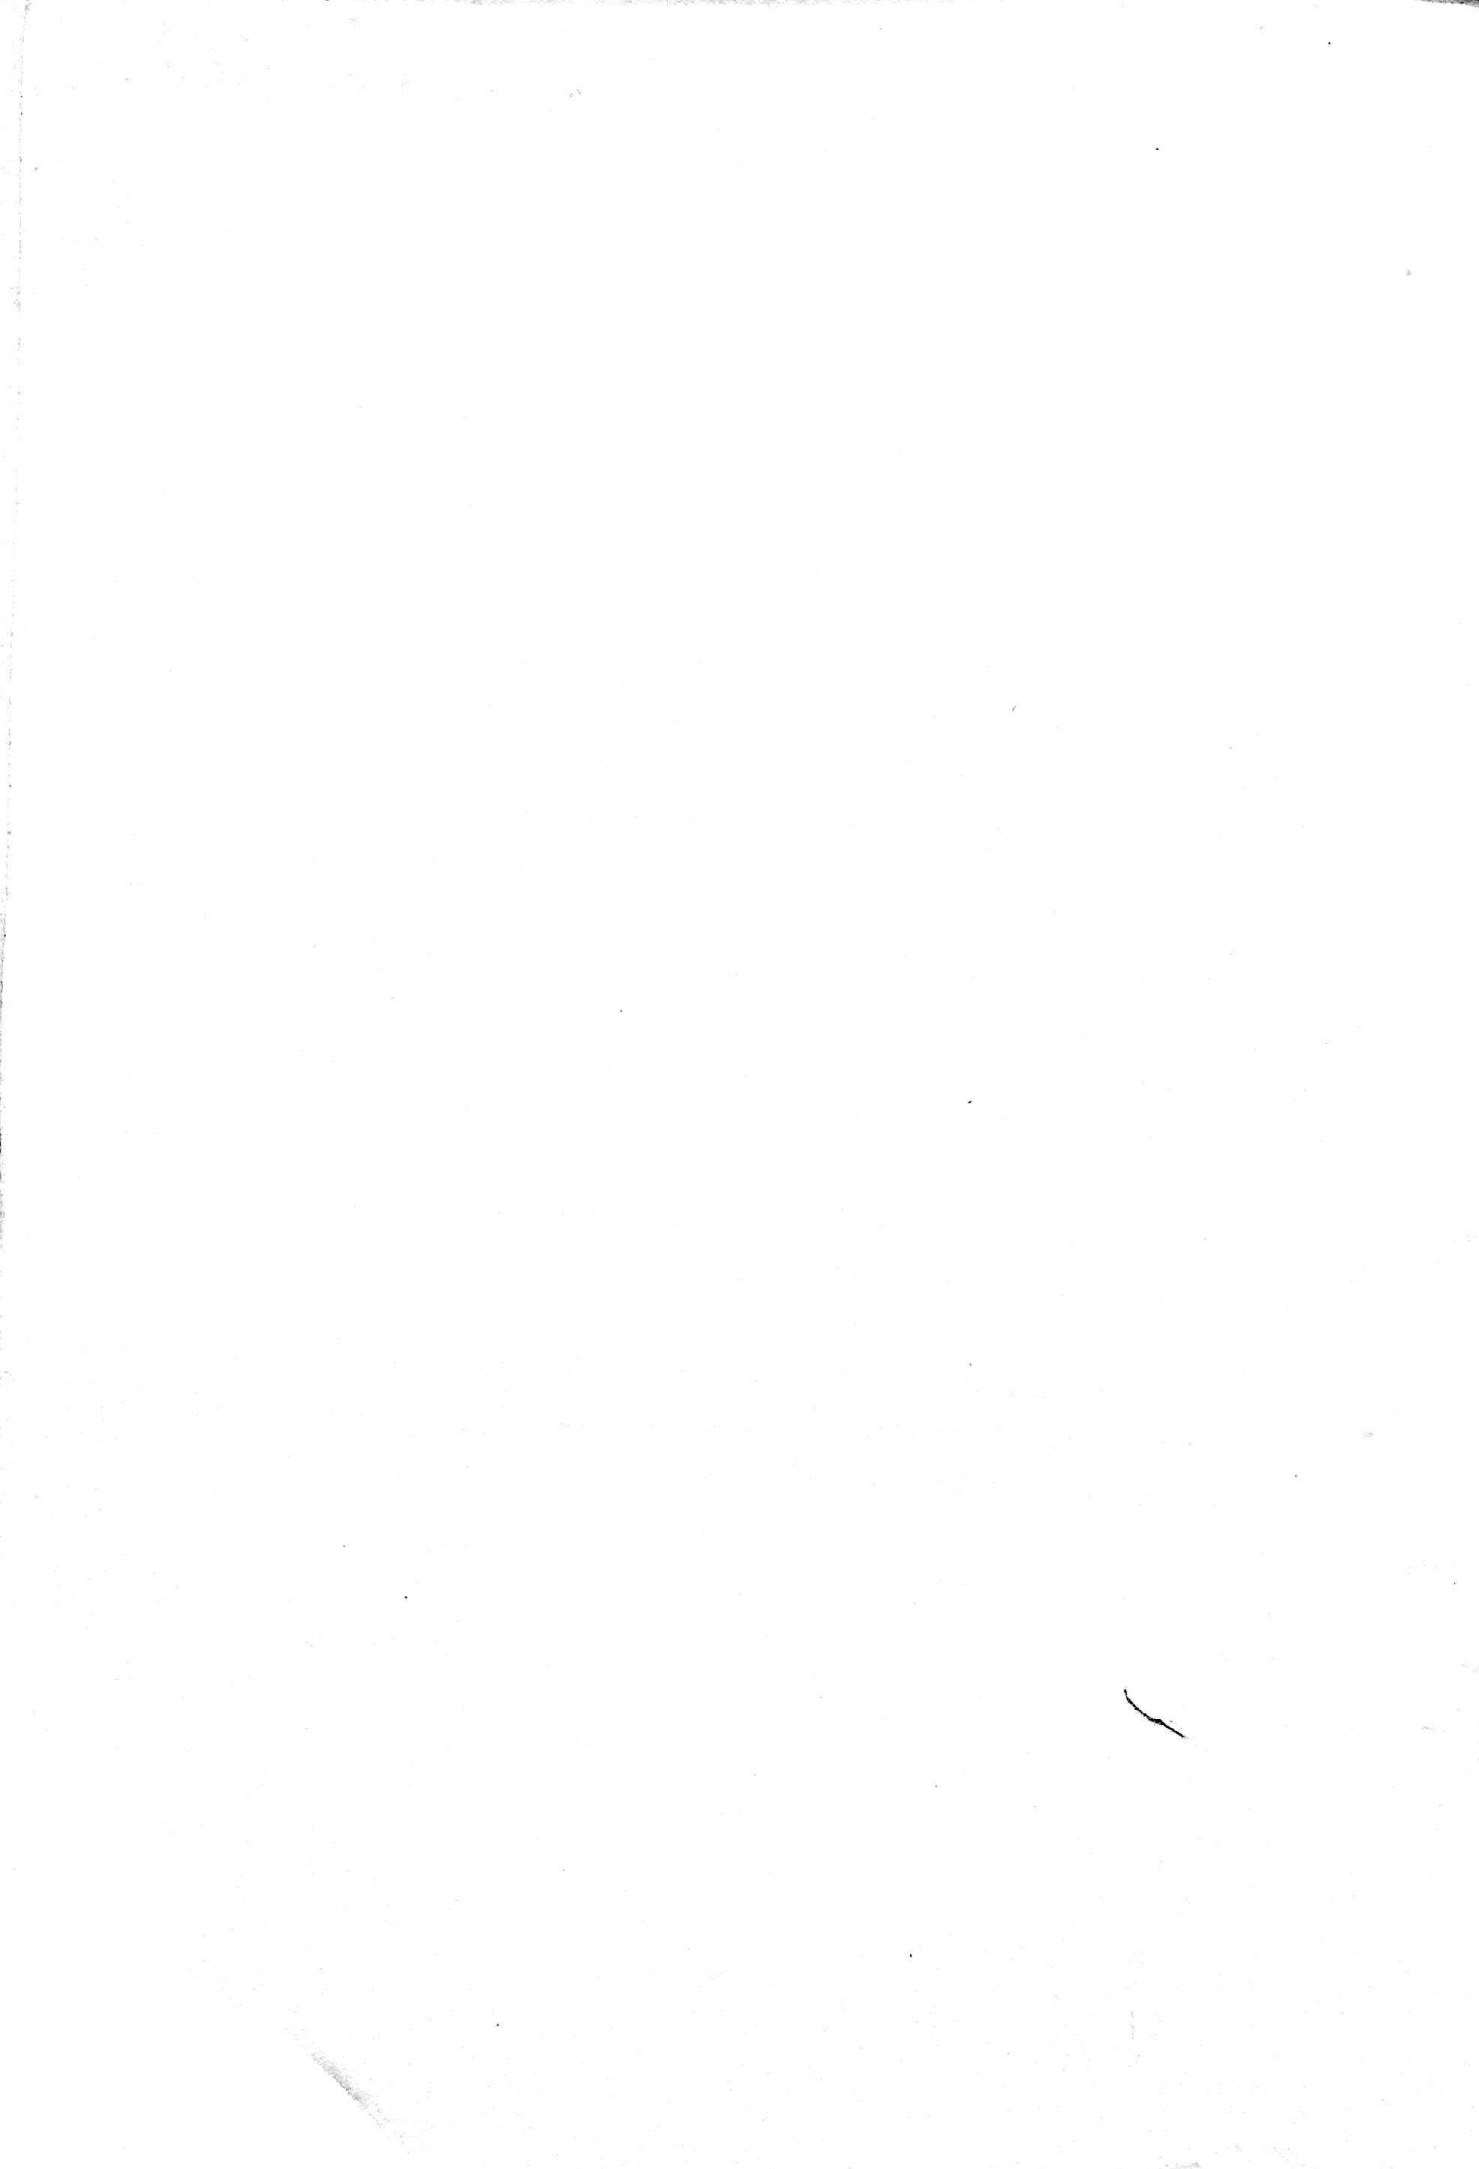

Welfare of the labour force has a predominant role in Industrial and Economic development of a country. Factories Act 1948, payment of wages Act 1936 and maternity benefit Act 1961 are aimed at providing safety and welfare measures to workers in factories and plantations. Various statistical information relating to the working of above Acts for the year 1999 are collected from Director of Factories and Boilers and Chief Inspector of Plantations,

The reports are prepared to examine the extent of implementation of different provisions of the Acts mentioned, number of persons benefited, growth of factories and employment industrial relation, social security measures taken etc. These data are utilised by Labour Bureau Simla, Administrators, Planners and Researchers.

This report is prepared by Sri.N.Vinayan, Research Officer and staff of Labour section under the leadership of Smt. P. Ambikavathy, Assistant Director.

The services rendered by the Computer Division for bringing out this publication in time is well appreciated. This report has been prepared under the guidance and co-ordination of Sri.Gangadhara Murugan, Additional Director and Sri C.C. Cherian Kunju, Joint Director.

REPORT OF THE WORKING OF FACTORIES  
ACT 1948  
FOR THE YEAR 1999 (BASED ON NIC 1998)

Department of Economics & Statistics  
Government of Kerala  
December 2001

REPORT OF THE WORKING OF FACTORIES ACT 1948  
FOR THE YEAR 1999 (BASED ON NIC 1998)

The Industrial Prosperity of a Country is the backbone of its economy. Unless, otherwise the welfare of the labour force in the Industrial sector is looked after the Industrial Prosperity will not materialised to its maximum. Therefore the Labour Welfare occupies a significant role in Industrial and Economic development of a developing country like India. For casting and providing welfare measures to the Labour force, accurate and descriptive labour Statistics is the major tool.

The factories Act 1948 aims at regulating Labour in factories and providing safety and welfare measures to the workers in factories. Finding out the extend to which the different provisions of the factories Act 1948 are implemented in the state and the number of workers benefited by the Act are the Primary objective of the collection of labour statistics.

The Director of factories and Boilers is the State Authority for Registration, renewal and cancellation of registration of the factories at state level. Submission of returns in Incorporating statistical details on various aspects of their working, to the Director, Factories and Boilers of the state is the statutory obligation of all the registered factories under this act. Then the returns are forwarded to the Director of Economics and Statistics for preparing and furnishing the final statements and reports to the Labour Bureau, Government of India.

Various statistical Information relating to the factories registered under Section 2M(I), 2M(II), 85(P) and 85(NP) in both public and private Sectors in Kerala during the year 1999, under factories Act 1948 are incorporated in this report, which mainly related to

1. Registration and cancellation of factories
2. Average daily employment
3. No. of days worked in the year
4. Total labour at work
5. Leave and wage particulars
6. Inspection
7. Accidents
8. Welfare measures etc

**Section 2M(I) :-** Covers factories where ten or more workers are working in any day of the preceding twelve months and in any part which a manufacturing process is being carried out with the aid of power or ordinarily as carried on.

**Section 2M(II) :-** Covers factories where twenty or more workers are working on any day of the preceding twelve months and in any part of which a manufacturing process is being carried on without the aid of power or ordinarily as carried on.

**Section 85 :-** Factories registered under section 85 is further classified in to two divisions. That is 85(P) and 85(NP) Section, 85(P) covers all the factories employing less than ten workers and working with aid

of power while 85(NP) covers all the factories employing less than twenty workers and working without the aid of power.

#### Registration and Cancellation

The details of the Registration and Cancellation of the factories under factories Act 1948 in Kerala during 1999 are furnished in Table I

**TABLE I**  
Annual returns under factories Act 1948  
No of registered factories and workers employed for the year ending 31/12/1999

Category	No of Registered factories as on 31/12/1998	Newly registered during 1999	Cancellation during 1999	On the register during the end of 1999	Working factories as on 31/12/1999
Private sector	17250	1077	338	17989	17955
Public sector	543	12	2	553	549
Total	17793	1089	340	18542	18504

The figure furnished in the table reveals the fact that while 1089 factories were newly registered, the registration of 340 factories were cancelled. Out of the 1089 new registration 1077 (98.8% of the total new registrations) were seen registered under private sector and 12 (1.2%) under public sector. By the end of the year under reference there was 18504 working factories under various categories in Kerala.

#### Submission of Annual Returns

Even though the submission of Annual returns is a matter of statutory obligation on the part of the registered factories the response show in this regard by the management was quite unsatisfactory. It is seen that only 36.89% of the factories have submitted the returns during the year under report. The details as the percentage are given in Table II

**TABLE II**  
Percentage of factories submitting returns

Year	Total no of working factories	No of factories submitting returns	Percentage
1986	11530	6243	54.65
1987	11982	6687	55.81
1988	12028	5726	47.61
1989	12136	7251	59.75
1990	12448	7687	61.75
1991	13255	8083	60.98
1992	14608	8279	56.67
1993	15132	7767	51.33
1994	15305	7134	46.61
1995	15331	4597	29.98
1996	16434	6013	36.59
1997	17336	6627	38.23
1998	17719	7281	41.09
1999	18504	6826	36.89

The percentage of factories who submitted returns were 29.98 in 1996, 38.23 in 1997, 41.09 in 1998 and 36.89 in 1999. This shows that the management of the factories is not paying proper attention in timely submission of returns which in turn reduces the quality of the data. Proper awareness has to be given to the factory owners for the timely submission of the data and necessary steps has to be taken by the authorities to get the data promptly, since the submission of returns is a statutory obligation.

**Size of the Employment:** - The size of employment of each factory is available in its annual returns. The total factories submitting returns have been distribute according to their size of employment and the details are given in table III

**TABLE III**  
Distribution of factories according to size of employment

5000 and above				
Total	6826	100.00	174854	100

As reported earlier only 6826 (36.89%) has submitted their returns out of the total at 18504 working factories is worked out that about 69.47% of the total factories who have submitted the returns and in respect of units having less than ten workers and they cover only about 13.40% of the total employment. The average daily employment in the factories together which submitted and not submitted the annual returns is 4.3 lakhs in 1999 as against 4.4 lakhs in 1998.

34.77% of the total number of employees (in the factories who have submitted their returns) are working in the factories having 100 – 499 employees. Also there are no factories having more than 5000 employees 8.82% of the total employees (0.16% of the total no of factories is eleven numbers are working in the factories having 1000 – 4999 employee groups.

The man days worked is estimated as 31933520 (see Statement II). It is also noted that the percentage of participation of men in the factories is about 63.53 where as the percentage of participation of women to the total employment is only out 36.47.

The other leading industries are wood, tiles, spinning, rubber, paper etc.

### Man days worked

During the year 1999 number of men days worked by 6926 reporting factories was 3.19 crores.

Number of days worked during the year 1999, 1266 factories (18.5% of total) have worked for more than 300 days and no. of factories which have worked for more than 240 days is 3281 (48.1% of total). The distribution of number of factories according to no of days worked during the year together with the employment in are presented in the following table

**TABLE IV**

**Annual report on the working of Maternity Benefit Act 1961 for the year 1999**

Maternity Benefit Act 1961 applies to mines, factories, plantations, circus, industry shops and establishment. Where 10 or more persons employed or were employed on any day of the preceding twelve months and was enacted by the central government. The provision of the Act can be extended to any other establishment or class of establishments by the State Government. There is no wage limit for coverage under the Act. However the women employees who are covered under the establishment. Act are exempted from this Act. This Act provides for payment of Maternity Benefit at an average daily wage of rs.10/- or the minimum wages fixed under the minimum wages Act, which ever is more for the period of actual absence up to 12 weeks, of which not more than 6 weeks may be availed before the delivery and remaining period after delivery. This Act also provides medical bonus of rs.250/- in case where the employees do not provide prenatal care and post natal care free of charge,

Enforcement of the provisions of the maternity benefit act in plantations covering under the purview of the Plantation Labour Act 1952 is done by the plantation inspectorate Kottayam and in the case of registered factories coming under the act is done by the Director of Factories & Boilers, Thiruvananthapuram.

This Act has been implemented in 580 Plantations and 813 registered factories under report. Out of which 354 plantations 813 factories have submitted the annual returns.

It is seen from the report that an average of 42591 women workers were employed in plantations and 21482 women workers were employed in factories. An amount of Rs.10158249/- has been distributed as maternity benefit including medical bonus to 22278 plantation workers and an amount of rs.250695/- has been distributed as that to 26 factory workers. Twenty complaints were received from the plantation workers out of them 20 cases were investigated and settled. No complaints were received from factory sector.
