The Department of Economics & Statistics, Government of Kerala is the nodal agency for collection, compilation, analysis of statistics relating to various sectors of Kerala Economy. The Department is conducting ad-hoc surveys and studies on subjects of importance for planning and development purposes by considering data needs and relevance. The hotel & Restaurant industry in Kerala thrives largely due to the growth in travel and tourism industry, which is an important employment generating sector and a significant source of foreign exchange for the State. Due to the increase in tourism with rising foreign and domestic tourists; hotel & restaurant industry has grown in the State.

2. Though statistics on foreign and domestic tourist's arrival is available, no detailed statistics relating to industry specific statistics like labour force, income generated etc are available.

3. In this context, the Department of Economics and Statistics decided to conduct a survey on Hotel & Restaurants in the State and subsequently has conducted a complete enumeration of all such units functioning in the State, in order to get information about the number, activities, characteristics, employment, income etc by utilizing the 13th Finance Commission award.

4. This report is prepared by Sri.Kiran.S, Research Officer under the guidance of Sri.P.V.Babu, Additional Director (State Income) and Smt.C.S.Lathakumari, Joint Director, Survey Design Division of the Directorate of Economics & Statistics. The schedule for data collection was prepared by Sri.K.R.Pradeepachandran Nair, Research Officer of the Survey Design Division. I record my gratitude to all the members of the survey coordination committee and staffs in the Survey Design Division of this office for their sincere efforts.

5. At district level, the survey was supervised by the Deputy Directors and Research Officers of the district offices and at Taluk level, Taluk Statistical Officers and Statistical Inspectors. The data collection was carried out by the enumerators hired on a contract basis who worked under the immediate supervision of Statistical Investigators working in the various Taluk Statistical Offices. I acknowledge the tireless work done by all of them to make the survey a success.

6. Admirable cooperation extended by the staffs & owners of the Hotels and Restaurants in the State is also acknowledged.

7. This document, I hope will be useful to the planners, policy makers, academicians and researchers. Comments and Suggestions for improvement of its content will be highly appreciated.

Chapter 1

Introduction

1.1. Survey on Hotel & Restaurants in Kerala

1.1.1 Department of Economics and Statistics conducts surveys and studies on subjects of importance for planning and development processes. Tourism industry is a major employment generating sector and a significant source of foreign exchange for the country. The booming tourism industry has a cascading effect on the economy with an increase in investment and employment.

1.1.2 Hotels and Restaurants have played an important role in the travel and tourism industry. This sector is growing with the expansion of domestic and foreign tourist arrival, medical tourism, spiritual tourism and thousands of people move daily across the State.

1.1.3 Department of Economics and Statistics conducted the “Survey on Hotel & Restaurants in Kerala” using the 13FC assistance to study this sectors role and impact on the economy with regard to employment generation as well as income generation. A complete enumeration of these institutions was carried out through the survey and covered the registered and unregistered Hotels & Restaurants in the State.

1.2. Definitions

1.2.1 Hotel: A hotel provides temporary lodging, accommodation with or without arrangements for meals, other prepared food and refreshments. Such accommodation may be provided in furnished or in unfurnished rooms. Hotels may also provide room service, lounge facilities, conference room, entertainment and other facilities. However, hostels run by educational institutions and other private agencies are excluded from the purview of the survey.

1.2.2 Restaurant: A restaurant is generally an eating place where prepared meals, other food and refreshments and/ snacks are sold for immediate consumption without any provision for lodging. Bakeries, ice-cream parlors and Hostel messes and canteens run by educational institutions, factories, hospitals, companies etc. are excluded from the survey.

1.2.3 Tea and Snack Stall: Tea and snack stalls provide tea, coffee, drinks and snacks only and are functioning in permanent structures. Those shops which do not have a fixed/permanent structure and selling eateries are not included in the Tea and snack stalls¹.

1.3 Objectives of the survey

1.3.1 The main objectives of the Survey were to ascertain

- i. The total number of Hotels, Restaurants and Tea & snacks stalls separately.
- ii. The activities of these enterprises.
- iii. Employment generation and number of migrant labourers in this sector.
- iv. The monthly and annual income and expenditure of these enterprises.
- v. The fixed assets of these enterprises.

¹ Those enterprises generally operate in **temporary** sheds or in handcarts or sometimes even in motor carts are known as “Thattukada” in regional language, and were surveyed separately by Department of Economics & Statistics, Kerala and report published. (“Report on Thattukada Survey 2015”).

1.4. Methodology

1.4.1 The survey was conducted on census method. List of all such units were prepared by the investigators through local enquiry by visiting all Grama Panchayath/Municipalities/Corporations. The details of workers, facilities, assets, etc. were collected from these institutions through direct enquiry method by the enumerators posted on temporary basis.

Statement 1.1: Number of units surveyed by type.

Sl No.	Type	Number of units	Percentage
1	Hotels	4,762	8
2	Restaurants	36,507	63
3	Tea & Snack Stalls	16,461	29
	Total	57,730	100

1.4.2 The survey started in the month of October 2014 and field work completed by February 2015. Data entry was done through the department's online web portal using the online data entry software developed by the Computer Division of the department. Data entry work completed by the end of March 2015.

1.4.3 Statistical Investigators of the department supervised the primary work under the directions and supervision of Taluk Statistical Officers and Statistical Inspectors. The responsibility of conducting the survey in each district was vested upon the Deputy Directors in the districts.

1.5. Limitations

1.5.1 Some of the Hotels and Restaurants in Kannur, Kozhikode, Ernakulam, Kottayam, Alappuzha and Kollam districts were not covered in this survey due to non-cooperation from the management side. Hence, the report is prepared based on the data provided by those enterprises that were ready to share all information needed for this survey.

1.5.2 It is to be borne in mind that, getting information on income and expenditure is a cumbersome effort. However, best efforts were made to ensure data reliability and accuracy while on data collection.

1.6 Presentation

The findings presented in the chapters ahead are grouped into three sections viz.:

- 1. Hotels**
- 2. Restaurants**
- 3. Tea & Snacks Stalls**
