Introduction

1.1. Survey on Thattukada in Kerala

1.1.1 Department of Economics and Statistics conducts surveys and studies on subjects of importance for planning and development processes. Since last two decades, Kerala has been witnessing ample changes in the social and cultural front of the State. Due to change in lifestyle and food habit, the traditional tea shops give way to fast food culture. Similarly, with the increasing mobility of people from the urban centers demanding more hotels and restaurants. Food bills in many of the established hotels and restaurants are expensive and not affordable to the lower and middle income strata of the people. Change in food habits and looking for less expensive food leading mushrooming of street side food vending shops, locally called Thattukada. It is generally in a temporary structure or in wheels. This type of food vending enterprises played a significant role in the local economy by creating employment and support livelihood of thousands.

1.3.1 The main objectives of the Survey were to ascertain

- i. The total number of Thattukada in Kerala.
- ii. The activities of these enterprises.
- iii. Employment generation and number of migrant labourers.
- iv. The weekly and monthly income and expenditure of these enterprises.
- v. The fixed assets of such enterprises.

1.4. Methodology

The details of workers, facilities, assets, etc. were collected from these institutions through direct enquiry method by the enumerators posted on temporary basis.

1.4.2 The survey started in the month of November 2014 and field work completed by February 2015. Data entry was done through the department's

online web portal using the online data entry software developed by the Computer Division of the department. Data entry work completed by the end of March 2015.
