

PRAVASI MALAYALI CENSUS Volume -II

**Economics & Statistics Department &
NORKA Department
Government of Kerala**

Preface

Non Resident Keralites played a major role in the socio economic development of the State. Migration to other countries for employment and foreign remittance to the State and its impact in the economy is come up for discussion and debate in various official forums. But no official data regarding the number of Keralites sought employment in abroad and settled in foreign countries etc. are available. The Statistics on Non Resident Keralites is also important as a number of Keralites returned, particularly from gulf countries due to the unrest prevailing in these countries and the new VISA regulations.

To bridge the data gap to formulate rehabilitation and welfare schemes to those who returned from abroad, Government of Kerala entrusted the Department of Economics and Statistics to conduct a census on Pravasi Malayalees along with the 6th Economic Census in the State. Data collection for the census was carried out by enumerators appointed on contract basis. The officers in the Taluk Statistical Offices were the primary supervisors who worked under the Deputy Directors of the respective district offices. The tireless work done by all of them are acknowledged.

The census was conducted under the guidance of Sri.K.Vimalan, Deputy Director and State Co-ordinator of the Census. The IInd volume of Pravasi Malayalee Census is prepared by Sri.Kiran.S, Research Officer under the guidance of Sri.P.V.Babu, Additional Director (State Income) and Smt.Lathakumari.C.S, Joint Director (Survey and Design). I appreciate Sri.Abhilash.K.V, Research Assistant (Computer Division) for developing the online software and Sri.Anilkumar.C, Research Assistant, Sri.Sujesh.N.S, Statistical Assistant Grade-I and Sri.Shanu.S, Statistical Assistant Grade-II for their sincere efforts in preparing the report.

I would like to sincerely thank all officers of the department who have associated with the Census. Suggestions for improvement of the report are most welcome.
