P R E F A C E

Considering the demand for statistical information for decentralised planning, the State Planning Board and the Department of Economics and Statistics have designed many schemes to collect and publish data at Panchayat and Nagarapalika level. The most important scheme is a Socio-Economic Census 1995 under which a wealth of information regarding the socio-economic conditions of all households of Kerala numbering about 60 lakhs will be collected. The scheme for the collection of Agricultural Statistics in the State is also redesigned to generate data at panchayat and municipality level. The results of these exercises will be available only after one year.

Meanwhile the Government of Kerala have decided to conduct the Panchayat and Municipal elections in September 1995 and the newly elected local committies are expected to assume power before the end of this year. To enable the newly elected functionaries to study the local resources and to start planning process backed by statistical information it was decided to document the available data from various sources in a single publication at district level. This report for Kasargod district is the second in the series.

This report was prepared by a team of officers of the District Office, Economics and Statistics, Kasaragode, under the guidance of Mr. P. Surendran Pillai, Deputy Director and Mr. P.K. Vasudevan Nair, District Officer. The compilation work was done by Sri. K.M. Jamal and Sri. U. Suresh, L.D. Compilers of the District Office, Kasargod. I hereby acknowledge the valuable services of Sri. M. Madhavan Nampoothiry, Assistant Director and Smt. S. Leelamony, Research Officer and staff in the Publication division of the Directorate for verifying the data and finalising the tables.

I would like to place on record our sincere thanks to Sri.V.Ramachandran, Vice Chairman and Sri. K.V. Nambiar, Member Secretary of the State Planning Board for their guidance in the preparation of this report and also for arranging the publication of this statistical profile of Kasargod District.

It is hoped that this publication would be of considerable use to the planners at panchayat/municipality, block and district levels and others interested in decentralised planning.

Thiruvananthapuram,
19-6-1995

DR. M. KUTTAPPAN
Director
