PROJECTED POPULATION  
OF  
COMMUNITY DEVELOPMENT BLOCKS  
IN  
KERALA

1980 - 1995

DEPARTMENT OF ECONOMICS & STATISTICS

SEPTEMBER, 1986.

## P R E F A C E

The Department of Economics and Statistics is in the process of publishing "Block level Statistics for Planning" for each district. In this context it was found worthwhile to provide estimates of population in each block upto 1995, so that planners can utilize the data while preparing block plans for the next Five Year Plan.

These block level population estimates upto 1995 were prepared by Smt. J. Saraswathy, Research Officer, of this Department. Hope the estimates will be made use of by micro level planners.

Trivandrum,  
10..9..1986.

N. GEORGE JOHN  
DIRECTOR OF ECONOMICS & STATISTICS.

1. Annual growth rates of population 1971-81 in different blocks

.....

PROJECTED POPULATION OF THE COMMUNITY DEVELOPMENT BLOCKS  
IN KERALA

...

Explanatory Note

The Census Department has published population figures of 151 Community Development Blocks in the State for the year 1981. Geometric growth rate during the 1971-1981 census period in each block was adopted for projecting the population till 1995. The estimation has been done by taking into account the changes in the jurisdiction of blocks also during the inter censal period. In respect of Kanjirappally, Arudai, Nedumkandom, Thodupuzha, Nilambur and Wandur blocks the annual geometric growth rates of population of the concerned taluks and for Attappadi block in Palghat district growth rate of Palghat district have been used for estimation, since block level growth rates could not be worked out due to the jurisdictional changes in these blocks for 1971-81 period. The annual growth rates used for each block is also given in Appendix.
